VP Events

- 25 organizations are going to be represented
 - Starts at 4-6 PM.

Treasurer

- The money that we gave them last year was wrong.
 - The Self-Gen money was entirely wrongly calculated.

- Going back three admins there are no documents. We cannot account for foundation/ donations because we don't have the account details. We are waiting for the documents, they think they found some.
- Why do we think they are wrong?
 - Umbrella SBA account → Law Review → Pro Bono Account
 - We have a flat number → We don't know who is what unless we know to whom the donation is made.
 - Thus, when people are making donations it is going into a pot instead of a specific area.
 - I.E. someone who donates to JLEP, but it goes into the pot and is indiscernible.
 - The administration is working on it.
 - We got the carry-over money!!! WOOHOO.

Budget Meeting

- Budget Information Session (mandatory to go to one)
 - Next Monday, Tuesday
- Designated Section for Journals
- We should vote group in the morning and the afternoon.

Money

- Journal treasurers need to come to me,
- The contract will be over for a different vendor for printing. We spend SOO much money on printing.
